The City of Toronto is modifying and upgrading the storm sewer system in your area in order to reduce surface and basement flooding.

Due to the depth and nature of the storm sewer construction work on Waterloo Avenue, the road will be closed between Wilmington Avenue and Honiton Street, effective 7 a.m. on Monday, February 1, 2021 to 7 p.m. on Monday, February 8, 2021.

Motorists are reminded to abide by traffic/construction signs posted in local areas to ensure the safe travel of all local road users, pedestrians and cyclists. This project is part of the Council-approved 2021 Basement Flooding Protection Program to improve the water distribution system; renew our aging infrastructure and reduce the risk of sewer collapse or blockages that cause sewer backups and flooding.
